

Workshopcharger 24V/105A

Calix article number: 2407193

Specification

Dimensions (L x W x H)	367 x 230 x 83mm
Weight	6,7 kg
Work temperature	-35°C to +55°C
Charging voltage	14.4V, 28.8V, 43.2V, 57.6V
Recommended battery capacity	40Ah-1200Ah
Input alternating voltage	195-264VAC, 47-64Hz
Ripple	<1%
Selectable charging programs	All lead & lithium
Voltage fluctuation	±0.5%
Current ripple	±2%
IP Class	IP54
Safety class	Class 1
Mains cable	3x1.5mm ² rubber cable, 1,5m
Battery cables	2x25mm ² 1,5m
Cladding	Aluminum
Other	Error-protected polarization, short circuit protected
